

Remarks

The above amendment to the specification is made to correct the errors in the previously submitted response to the Office Action of November 20, 2002. The Examiner's suggestions in a phone conference on August 18, 2003 are gratefully acknowledged. In accordance with the phone conference with the Examiner, Claims 2 and 3 are amended to substitute the word "kit" for the word "formulation" in the first phrase of each claim, with the understanding that in this case "kit" refers to a set of two different compounds, and Claims 11 and 12 are added to claim a method including the limitations of the compositions of Claims 2 and 3.

Respectfully submitted,

Joseph W. Mott
